

DATE: March 27, 2020

Dear Frontier RTP Tenants,

As we closely monitor the current state of this pandemic, we are also continuing our efforts to align with county and government guidelines.

Governor Roy Cooper issued an Executive Order on Friday, March 27, 2020 to close all non-essential businesses in the state of North Carolina. This Stay At Home order is effective [at 5:00 PM on Monday, March 30, 2020](#) and will remain in effect for 30 days. Pursuant to the order, Frontier buildings will remain secured with fob-only access, and we will continue to provide necessary services to each building in support of the businesses designated as essential businesses and to support the operations to those businesses designated as non-essential.

Each of our tenants should review the order to determine if its own business operations are permitted. RTF will continue to monitor the situation throughout the state for any further developments affecting the Frontier RTP campus.

While our staff will continue to telecommute, our maintenance team, nightly security patrols and janitorial staff will remain in place while safely practicing social distancing. Our entire RTF staff is available to you to provide any support as needed; we are only a phone call or email away.

RTF is here to continuously support you and your business through this difficult time. We are confident that we will get through this time together and come out as a stronger community.

Stay safe.

Sincerest Regards,
Roz Dodd
Senior Property Manager, Frontier RTP
